

# UCDM

## Universal Cash Dispensing Module

### Product Introduction

UCDM is the high performance dispenser with presenting & retracting function, which is used for ATMs, TVMs and banknote exchangers. UCDM has enough capability to cover worldwide banknotes, not only paper but also polymer notes, at high speed.

### Features

- High-speed dispensing of the worldwide banknotes
- Reliable performances of presenting & retracting
- Innovative double note detection technology by ultrasonic sensor

### Specification

MODEL		UCDM 3100 / 3200 / 3300 / 3400 F/R	
Type		Long-edge Dispenser Bundle Presenter	
Denomination		1/2/3/4	
Dimension (WxDxH mm)		F: 280x676.3x284.8/418.8/686.8 R: 280x676.3x267.6/401.6/669.6	
Access Type		Front/Rear Access	
Speed Range		7 notes/sec	
Max. Transaction Size		100 notes	
Spec.	Media Size	Height	60~85 mm
		Width	120~178 mm
		Thickness	0.06~0.18 mm
Double Detect		Ultra Sonic Sensor	
Cassette Capacity		3000 notes (355mm)	
Reject Capacity		About 200 notes(Reject/Retract)	
Pickup/Feeding Type		Friction / Roller to Roller	
Interface		RS232C/USB2.0 (Option)	
Power		DC 24V
